FISHING ON LAKE MICHIGAN

Professor emeritus Bob Kaiser will be your guide as we troll the depths of the “Big Pond” for mighty salmon and tasty trout. On a mutually agreeable date in July, August or September the ROX-SEA (21’ Crestliner) will power out of the Port Washington harbor with up to three lucky fisherpersons on board. Refreshments and snacks will be served throughout the day, and upon return Captain Bob will process the catch per your instructions. A fishing license with Great Lakes Trout Stamp is required for any fisherman older than 16 years of age.
